What is a hurricane,  
Where do hurricanes form,  
Who is watching for hurricanes,  
These are only a few of the  
questions that will be answered  
when you visit Gulf Shores Mu-  
seum and view our original ex-  
hibit.

An interactive display will take  
the viewer on a flight with the  
"Hurricane Hunters" as they fly  
through the eye of the storm.

View videos from our  
most recent hurricane in  
2004. Or select a video  
from our collection and  
learn more about past  
hurricanes.
