Open Saturday from 10am - 2pm

Free to public

Exhibit: Jeep & Horse Patrol: The War Years U. S. Coast Guard Patrol Unit

This specialized unit was established 1942 and closed in 1944. The patrol extended from Dauphin Island to Panama City Beach.

The threat of German submarines in the Gulf of Mexico during World War II prompted a number of precautionary measures.

For more information about the Jeep and Horse patrol and additional units stationed in Gulf Shores during the war visit the museum during business hours.
