Subject: Updated Police Drone Bid Tabulation
Attachments: 2022-0719 Bid Tabulation UPDATED.pdf

Good afternoon,

After the whirlwind of events that has been the procurement of this Drone, I believe we are finally in a place to be able to move forward, hopefully with no further interruptions.

BAAM and Volatus have both provided updated pricing after the manufacturer placed some stipulations on the pricing they had previously provided.

As a result of these pricing updates, UVT LCC is now the apparent low bidder and it is my recommendation that this bid tabulation goes back to council for approval of a new resolution made with UTV LLC. I have attached the updated bid tabulation (I apologize that it does not look cleaner, I am working with limited resources/technology at the moment) and it is ready to be added to the upcoming council agenda.

Please let me know if you need any further documentation. I will update the bid file to reflect all these changes upon my return to the office.

Sincerely,

Shelby E. DeBlieux
