

AGENDA ITEM SUMMARY

DATE: February 2, 2026
TO: City Council
FROM: Capital Projects Department
ISSUE: Gulf Shores Justice Center – Storage Systems Procurement

RECOMMENDATION: Authorize Procurement of the Justice Center’s Storage Systems, manufactured by Spacesaver, from their regional distributor Patterson Pope for \$671,189.85. Reference Sourcewell Contract #110923-SPC.

The Justice Center’s storage systems include:

1. Police, SWAT, and other Police Staff personnel lockers
2. High Density Storage units for bulk evidence, drug evidence, and file storage
3. Secure evidence transferring lockers
4. Gun lockers and storage racks (handguns & long guns)
5. Wide Span Shelving
6. Shelving for ammunition, equipment, maintenance, and misc. storage rooms

The Police Department, Capital Projects Department, and design partner Police Facility Design Group (PFDG) coordinated directly with Spacesaver’s regional distributor, Patterson Pope, to determine the appropriate storage system layout, capacity, and quality/durability for the Justice Center Facility. Pricing was evaluated utilizing Sourcewell and The Interlocal Purchasing System (TIPS). Buying directly from the manufacturer’s authorized regional distributor under their Sourcewell purchasing cooperative contract is the most economical option.

PREVIOUS COUNCIL ACTION: None

BUDGET IMPLICATIONS: Funding for the Justice Center’s Storage System(s) is included in the \$12,337,366 budgeted in FY2026 in account #40-879-65505.

RELATED ISSUES: None
