Gulf Shores, Alabama 36547

**Re: Engineering Services Proposal
Street Widening/Resurfacing
Wedgewood Avenue; West 6th Avenue; Royal Oak Circle**

Dear Mayor Craft:

Southern Engineering Solutions appreciates the opportunity to submit this proposal for providing engineering services for your proposed street widening/resurfacing project.

This Proposal includes the following items of professional engineering services:

1. Design of the proposed improvements to include the widening of Wedgewood Drive to provide for bicycle lanes and the resurfacing of the street, the resurfacing of West 6th Avenue, and the resurfacing of Royal Oak Circle.
2. Preparation of Plans, Specifications, and Contract Documents as required for the City of Gulf Shores to accept bids for the proposed project.
3. Assisting the City with obtaining bids for the project.
4. Making any necessary recommendations to the City concerning acceptance of the bids and preparing contract documents for execution.

The total cost to provide these engineering services is \$58,500.00.

Our Proposal does not include any services during construction of the proposed improvements; however, we are available to assist with this phase of the project as needed. Please let me know if you or your staff have any questions or need any additional information to review this Proposal.

Very Truly Yours,

Southern Engineering Solutions, INC.

Paul E. Darnell, PE
