

SMALL TOWN, BIG BEACH™

DATE: August 13, 2019

RECOMMENDATION: Accept South Alabama Purchasing Association (SAPA) bid award to Davison Fuels for gasoline, diesel, and lubricants for open-end purchases as budgeted within each department. The contract term shall be one year with an option to renew for two additional years.

BACKGROUND: The City's expiring current fuel contract is also with Davison Fuels. The new contract provides slightly improved pricing compared to our existing contract.

PREVIOUS COUNCIL ACTION: The City has accepted SAPA bid awards for fuel since 2008. Participating in a regional cooperative provides the advantage of having economies of scale.

BUDGET IMPLICATIONS: Fuel purchases are budgeted within each department.
