ISSUE: ALDOT Traffic Signal Maintenance Agreement for Medical Village Traffic Signal at 34th Ave & Hwy 59

RECOMMENDATIONS: Approve the ALDOT Maintenance Agreement for Medical Village Traffic Signal at 34th Ave & Hwy 59

BACKGROUND: South Baldwin Regional Medical Center group is currently constructing a freestanding emergency department (FED) at the intersection of 34th Ave and Hwy 59. To support the traffic demands and safety of the first responders, the City is constructing a new traffic signal, drainage, landscaping and necessary roadway infrastructure.

ALDOT has requested a Traffic Signal Maintenance Agreement from the City for the maintenance of the proposed signal at 34th Ave & Hwy 59. The City has similar maintenance agreements with ALDOT for all 25 of our traffic signals.

PREVIOUS COUNCIL ACTION: The City has executed many Maintenance Agreements with ALDOT for many items throughout the City.

BUDGET IMPLICATIONS: Ongoing maintenance costs are included in Engineering Account #01-565-64379 R&M – Traffic Signals.
