SIGN PERMIT CHECKLIST
PLANNING AND ZONING DEPARTMENT

This checklist is designed to aid both the Applicant and the City in the processing of a Sign Permit application and is required to be submitted with your application. All signs which are placed or erected within the city limits shall be in conformance with the sign regulations provided in City of Gulf Shores Zoning Ordinance. The Applicant will serve as the contact for all correspondence from the City. It is the Applicant’s sole responsibility to distribute said correspondence to individuals or consultants involved in the submittal. Each sign permit is valid for the permitted sign only. Sign permits become invalid if the sign is not erected within 180 days from date of issue.
