How to Identify if You're Located in an AE or VE Flood Zone

1. Click on the link to visit the [FEMA Flood Map Service Center](#).
2. Enter your property's address in the 'Search By Address' box on the left hand side of the website and click the search icon.
3. Once your address has been found, click on the 'Interactive Map' button below the 'Search By Address' box on the left hand side of the website.
4. Click the '+' icon at the top left corner of the interactive map to zoom in on your address.
5. Identify the type of flood zone you are in by how that section is labeled on the interactive map. Each section is labeled by color. Each color represents a different type of flood zone.
6. Depending on what type of flood zone you are in, gather the materials required as mentioned in your corresponding permit checklist.
