March 7, 2016

The Honorable Robert Craft, Mayor  
City of Gulf Shores  
PO Box 299  
Gulf Shores, AL 36547

Dear Mayor Craft:

The Airport Authority has been briefed on the City's multi modal access Tiger grant application. The lack of needed transportation infrastructure has been impeding our ability to accommodate demand for new businesses for some time now.

We see this project as vital to the development of the Aviation and Business Park and as having a positive impact on the community and airport. Also allowing for and eliminating longstanding obstacles to economic growth of the area.

Please be advised that the Gulf Shores Airport Authority supports the City's proposed development plan and if we can be of any service, please so advise.

Sincerely,

A handwritten signature in black ink, appearing to read "Vic Roberts", with a stylized flourish at the end.

Vic Roberts, Chairman  
Airport Authority of Gulf Shores  
Jack Edwards National Airport
